Summary

Problem-solving, critical thinking and creativity are all skills I embody as a computer engineer. If hired at Marshall Corp I'll demonstrate leadership as I do with the project teams I currently manage. I do trustworthiness in my duties. I can bring a strong focus on goal achievement. To attain a challenging position in a well-known organization which can further enhance my learnings, knowledge and skills and to build a prosperous career that would provide me with high satisfaction in the changing technological era.
